FIELD ENGINEER INTERN

ABOUT THE COMPANY
Persistent Systems is a growing business that develops the Wave Relay® Mobile Ad hoc Networking (MANET) wireless radio systems for US Government and commercial applications. The radios are typically worn on the person, mounted to manned vehicles, integrated into autonomous unmanned vehicles, or installed at fixed sites. The systems provide on-the-move data, voice, video, and situational awareness capability. Located in the heart of New York City, Persistent Systems is an exciting company that is passionate about delivering cutting edge products.

JOB DESCRIPTION
We are looking for a bright and enthusiastic Intern to help our Field Operations Team develop and implement a wide range of wireless networking systems. This position will have a significant level of autonomy and has the potential to provide a large contribution to our product, customer service, and technical training team. As a team member, the intern will also assist the Persistent Systems Sales and Engineering departments with large scale customer relationships and projects throughout intern period.

POSITION RESPONSIBILITIES
- Assist in the demonstration and training of the Wave Relay system.
- Assist in the development of test planning for wireless system.
- Support evaluation and deployment of new features of the Wave Relay system.
- Create, edit, and manage technical documentation.

QUALIFICATIONS / EXPERIENCE
Students should be working towards a BS or MS in Electrical Engineering or Computer Science. Experience in any of the following is preferred:
- Wireless or Computer Engineering related projects or classes
- MANET, mesh, or wireless ad hoc and wired networking
- Android application development
- Robotics or Unmanned Systems experience
- Excellent communication and public speaking skills
- Flexibility to travel to field events or training classes

INTERN BENEFITS
Persistent Systems offers competitive compensation for this internship. You’ll also be able to participate in cool perks including company-wide team lunches, social events, and sports teams.
